by deleting all language after the enacting clause and by substituting instead the following:

Section 1. Tennessee Code Annotated, Title 55, Chapter 3, Part 2, is amended by adding Sections 2 through 6, inclusive, as new sections to be appropriately designated.

Section 2. This Act may be cited as the "Motor Vehicle Safety, Anti-Theft, Title Reform and Consumer Protection Act of 1995".

Section 3. As used in this act, unless the context otherwise requires:

(1) "Department" means the department of safety.

(2) "Flood vehicle" means any passenger motor vehicle that has been submerged in water to the point that rising water has reached over the door sill and has entered the passenger or trunk compartment. Disclosure that a passenger motor vehicle has become a flood vehicle shall be made at the time of transfer of ownership and the next certificate of title issued after such transfer shall be conspicuously labeled with the word "Flood" across the front.

(3) "Nonrepairable vehicle" means any passenger motor vehicle which is incapable of safe operation for use on roads or highways and which has no resale value except as a source of parts or scrap only or which the owner irreversibly designates as a source of parts or scrap. Such passenger motor vehicle shall be issued a nonrepairable vehicle certificate and shall never again be titled or registered.

(4) "Nonrepairable vehicle certificate" means a passenger motor vehicle ownership document issued by the state to the owner of a nonrepairable vehicle. Ownership of the passenger motor vehicle may only be transferred two (2) times on a nonrepairable vehicle certificate. A passenger motor vehicle for which a nonrepairable vehicle certificate has been issued can never be titled or registered for use on roads or highways. A nonrepairable vehicle certificate shall be conspicuously labeled with the word "Nonrepairable" across the front.

(5) "Passenger motor vehicle" means any vehicle driven or drawn by mechanical power manufactured primarily for use on the public streets, roads, and highways that is ten (10) model years old or less, including a multipurpose passenger vehicle or light duty truck when that vehicle or truck is rated at not more than six thousand pounds (6,000 lbs.) gross vehicle weight, except that such term does not include a motorcycle.

(6) "Rebuilt salvage title" means the passenger motor vehicle ownership document issued by the state of Tennessee to the owner of a rebuilt salvage vehicle. Ownership of the passenger motor vehicle may be transferred on a rebuilt salvage title, and a passenger motor vehicle for which a rebuilt salvage title has been issued may be registered for use on the roads and highways. A rebuilt salvage title shall be conspicuously labeled with the words "Rebuilt Salvage Vehicle -- Anti-theft and Safety Inspections Passed" across the front.

(7) "Rebuilt salvage vehicle" means any passenger motor vehicle which was previously issued a salvage title, has passed state of Tennessee anti-theft and safety inspections to ensure that the passenger motor vehicle was rebuilt to required standards, has been issued a certificate indicating that the passenger motor vehicle has passed the required anti-theft and safety inspections, and has a decal stating "Rebuilt Salvage Vehicle -- Anti-theft and Safety Inspections Passed" affixed to the driver's door jamb.

(8) "Salvage title" means a passenger motor vehicle ownership document issued by the state to the owner of a salvage vehicle. Ownership of the passenger motor vehicle may be transferred on a salvage title; however, a passenger motor vehicle for which a salvage title has been issued shall not be registered for use on the roads or highways unless it has been issued a rebuilt salvage title. A salvage title shall be conspicuously labeled with the word "Salvage" across the front.

(9) "Salvage vehicle" means any passenger motor vehicle which has been wrecked, destroyed, or damaged to the extent that the total estimated or actual cost of parts and labor to rebuild or reconstruct the passenger motor vehicle to its pre-accident condition and for legal operation on the roads or highways exceeds seventy-five percent (75%) of the retail value of the passenger motor vehicle, as set forth in a current edition of any nationally recognized

compilation (to include automated databases) of retail values. The value of repair parts for purposes of this paragraph shall be determined by using the current published retail cost of the repair parts to be used in the repair. The labor cost of repairs for purposes of this paragraph shall be computed by using the hourly labor rate and time allocations that are reasonable and customary in the automobile repair industry in the community where the repairs are performed. Salvage vehicle shall also include, without regard to whether such passenger motor vehicle meets the seventy-five percent (75%) threshold specified in the first sentence, any passenger motor vehicle whose owner may wish to designate as a salvage vehicle by obtaining a salvage title, without regard to the extent of the passenger motor vehicle's damage and repairs. Such designation by the owner shall not impose on the insurer of the passenger motor vehicle or on an insurer processing a claim made by or on behalf of the owner of the passenger motor vehicle any obligations or liabilities.

(10) "Scrap metal processor" means any person which is engaged in the business of buying nonrepairable vehicles, automotive parts, or other metallic waste by weight to process such material into scrap metal for remelting purposes; which utilizes machinery and equipment for processing ferrous and nonferrous metallic scrap into prepared grades; and whose principal product is metallic scrap.

(C) If an insurance company does not assume ownership of it's insured's passenger motor vehicle that has incurred damage requiring the vehicle to be titled as a salvage vehicle or nonrepairable vehicle, the insurance company shall (i) notify the insured of the insured's obligation to apply for a salvage title or nonrepairable vehicle certificate for the passenger motor vehicle and notify the state passenger motor vehicle titling office that a salvage title or nonrepairable vehicle certificate should be issued for the vehicle or (ii) withhold payment of the claim until the insured applies for a salvage title or nonrepairable vehicle certificate.

(E) Any person acquiring ownership of a damaged passenger motor vehicle that meets the definition of a salvage or nonrepairable vehicle for which a salvage title or nonrepairable vehicle certificate has not been issued, must apply for a salvage title or nonrepairable vehicle certificate, whichever is applicable. This application must be made before the vehicle is further transferred, but in any event, within thirty (30) days after ownership is acquired. If the second transferee on a nonrepairable vehicle certificate is unequipped to flatten, bale or shred the vehicle, such transferee must, at the time of final disposal of the vehicle, use the services of a professional automotive recycler or scrap metal processor who is hereby authorized to flatten, bale or shred the vehicle and to effect the surrender of the nonrepairable vehicle certificate to the state on behalf of such second transferee. Records shall be updated to indicate the destruction of such vehicle and no further ownership transactions for the vehicle will be permitted. If Tennessee is not the state of origin of the title or nonrepairable vehicle certificate, then the department shall notify the state of origin of the surrender of the title or nonrepairable vehicle certificate and of the destruction of such vehicle.

(H) When a salvage title is issued, the department's records shall so note. There shall be no retitling for registration purposes or issuance of a rebuilt salvage title for a passenger motor vehicle with a salvage title without a certificate of inspection, indicating that the vehicle has passed the required state anti-theft

(I) After a passenger motor vehicle titled with a salvaged title has passed the required anti-theft and safety inspections, the inspection official will affix a secure decal stating "Rebuilt Salvage Vehicle -- Anti-theft and Safety Inspections Passed" to the driver's door jamb of the vehicle and issue to the owner of the vehicle a certificate indicating that the passenger motor vehicle has passed the required anti-theft and safety inspections.
